Assignment 03 Basic HTML Skills
Review the demonstration in class and complete the assigned tutorials.

Create a simple site using Text Wrangler and raw coding.

Use 1-2 images/graphics from the collection of elements for your site.

Create a brief description of your site [1 short paragraph]

Using SFTP the pages to your XARTS server space.

Stacy Asher

A very short description of my site is to go here.
This is what is should look like in a written form.
Do not spend too much time writing this body
of text. Keep it simple and straight forward.
