URBAN GARDENING

For youth

Tuesdays 4:00 - 6:00

April 5 - May 24

Tenderloin Recreation Center

Instructor: Caroline Acquistapace

Cost: \$80.00 Course: #20283

This class introduces the students to the awesome world of growing plants and vegetables. We will explore building our own soil with the help of the creepy, crawly, but oh so important earthworm. Participants will also start vegetables from seed, explore seed saving, and multiply plants (for free!) from cuttings. Innovation is a key skill students will develop as we discover underutilized space and meet challenges unique to our urban garden.
