RECIPE

Gently remove dough from bag and place on lightly floured work surface. Let dough rest for 20 minutes, then, for best results, stretch by hand or roll out with rolling pin to 12-inch diameter. Top with your favorite toppings and bake in a preheated 450 degrees oven for 8-10 minutes.

CONCLUSION

Making your own pizza is funway cheaper than buying one. Because with just \$8.36 you can cook 2 cheese pizza, the mozzarella and the tomato sauce are enough for two.

There is nothing like eating pizza within a few minutes of it coming fresh right out of the oven. If you have never made pizza at home before, you must try making one yourself at least once. The waste is minimal because 2/3 ingredients are in tiny plastic bag and the sauce is in the glass jar.
